

SUPER DEGRIP SPRAY

70-08

Metaflex®

Technical Data Sheet

DESCRIPTION:

Fully synthetic rust dissolving spray with special additives against new rust formation, high capillary action, does not attack painted surfaces, non-corrosive. Dissolves and loosens rust and dirt and subsequently affords corrosion protection to threaded joints, bolts, valves, pipe flanges etc.

USE DIRECTIVES:

Spray onto the rusted joint and leave to act. Pressurized container: protect from sunlight and do not expose at temperatures exceeding 50°C. Do not pierce or burn, even after use. Do not spray on a naked flame or any incandescent material. Keep out of reach from children. Without adequate ventilation formation of explosive mixtures may be possible. Do not breathe the vapors.

Protect from sunlight. Do not expose to temperatures exceeding 50 °C/122 °F. Keep away from heat/sparks/open flames/hot surfaces. No smoking. Do not spray on an open flame or other ignition source. Do not pierce or burn, even after use. Use only outdoors or in a well-ventilated area. Wash hands/nails/face thoroughly after handling. Wear gloves/protective clothing/eye protection/face protection. Before handling, it is very important that engineering controls are operating, and that protective equipment requirements and personal hygiene measures are being followed. People working with this chemical should be properly trained regarding its hazards and its safe use. Inspect containers for leaks before handling. Label containers appropriately. Ensure proper ventilation. Avoid breathing dust/fume/gas/mist/vapours/spray. Avoid contact with eyes, skin and clothing. Keep away from heat, sparks and flame. Avoid generating high concentrations of dusts, vapours or mists. Keep away from incompatible materials. Keep containers closed when not in use. Empty containers are always dangerous.

PROPERTIES AND ADVANTAGES:

- Penetrating spray with re-lubricating rust protection additives for exacting industrial requirements
- Good coverage
- No deposits of solids
- Painted surfaces are not attacked
- The re-lubricating action eliminates the need for additional care products
