

# HAND PROTECTION FOAM

Metaflux®

## 70-28

## Technical Data Sheet

### DESCRIPTION:

Effective and reliable hand protection to avoid dirt accumulation. Metaflux 70-28 Hand Protection Foam is preventative: it protects your hands against contamination (smell). Always apply Metaflux 70-28 Hand Protection Foam to hands before starting to work, even if you work with gloves. At the end of work it is then far easier to thoroughly clean and protect your skin with suitable products. Please be aware: Prescribed gloves can NOT be replaced by just applying 70-28!

### USE DIRECTIVES:

Shake well before use. After washing and drying hands apply a small quantity in the hands and rub in. Let dry for 1 or 2 minutes. A full protection on hands for a period of 4 hours. After this period, natural perspiration will cause the protective film to dissolve. Protect from sunlight and do not expose to temperatures exceeding 50C. Fresh sprayed foam will be highly flammable for a short period of time; 10% by mass of the contents are flammable.

Protect from sunlight. Do not expose to temperatures exceeding 50 °C/122 °F. Keep away from heat/sparks/open flames/hot surfaces. No smoking. Do not spray on an open flame or other ignition source. Do not pierce or burn, even after use. Use only outdoors or in a well-ventilated area. Wash hands/nails/face thoroughly after handling. Wear gloves/protective clothing/eye protection/face protection. Before handling, it is very important that engineering controls are operating, and that protective equipment requirements and personal hygiene measures are being followed. People working with this chemical should be properly trained regarding its hazards and its safe use. Inspect containers for leaks before handling. Label containers appropriately. Ensure proper ventilation. Avoid breathing dust/fume/gas/mist/vapours/spray. Avoid contact with eyes, skin and clothing. Keep away from heat, sparks and flame. Avoid generating high concentrations of dusts, vapours or mists. Keep away from incompatible materials. Keep containers closed when not in use. Empty containers are always dangerous.

### PROPERTIES AND ADVANTAGES:

- Protects hands from heavy soiling.
- Water and soap resistant.
- Prevents skin irritation.
- Non toxic.
- Allows skin to breathe.
- Hydrates the hands.
- Very economical.
