

SILICONE SPRAY

79-03

Metaflux®

Technical Data Sheet

DESCRIPTION:

Protects, cares-Isolates metal, rubber and synthetic materials.

Recommended for rubber seals installed on cars, trucks, motorhomes, buildings, etc., in order to maintain the elastic properties of rubber efficient in any seasons.

USE DIRECTIVES:

Eliminate all oil, rust and dirt from surfaces with Metaflux 70-15. Shake well before use. Apply the silicone spray thinly.

Pressurized container: protect from sunlight. Do not expose to temperatures exceeding 50 °C/122 °F. Keep away from heat/sparks/open flames/hot surfaces. No smoking. Do not spray on an open flame or other ignition source. Do not pierce or burn, even after use. Use only outdoors or in a well-ventilated area. Wash hands/nails/face thoroughly after handling. Wear gloves/protective clothing/eye protection/face protection. Before handling, it is very important that engineering controls are operating, and that protective equipment requirements and personal hygiene measures are being followed. People working with this chemical should be properly trained regarding its hazards and its safe use. Inspect containers for leaks before handling. Label containers appropriately. Ensure proper ventilation. Avoid breathing dust/fume/gas/mist/vapours/spray. Avoid contact with eyes, skin and clothing. Keep away from heat, sparks and flame. Avoid generating high concentrations of dusts, vapours or mists. Keep away from incompatible materials. Keep containers closed when not in use. Empty containers are always dangerous.

PROPERTIES AND ADVANTAGES:

- Universal sliding and separation film
- Works on metallic surfaces, plastic, wood, leather, and rubber
- Protects rubber seals from drying out and cracking
- Color: neutral / colorless
- Temp. resistance: -40°C to +200°C [-40°F to +392°F]
