

UNIVERSAL CLEANER

74-50

Metaflux®

Technical Data Sheet

DESCRIPTION:

Greenline Spray Universal Cleaner and Degreaser is designed to remove mineral and vegetable oils and greases, cutting oils and emulsions, inks, paints, carbon black, resins, waxes, nicotine, proteins, and other impurities industries of steel, stainless steel, glass, plastic, concrete surfaces, wood, stone, ceramics, and others.

USE DIRECTIVES:

Shake the aerosol can well before use. Spray the spray from a distance of 30 cm directly on the area to be cleaned, leave to act and then wipe the surface with a dry cloth or rinse with water.

Pressurized container: protect from sunlight. Do not expose to temperatures exceeding 50 °C/122 °F. Keep away from heat/sparks/open flames/hot surfaces. No smoking. Do not spray on an open flame or other ignition source. Do not pierce or burn, even after use. Use only outdoors or in a well-ventilated area. Wash hands/nails/face thoroughly after handling. Wear gloves/protective clothing/eye protection/face protection. Before handling, it is very important that engineering controls are operating, and that protective equipment requirements and personal hygiene measures are being followed. People working with this chemical should be properly trained regarding its hazards and its safe use. Inspect containers for leaks before handling. Label containers appropriately. Ensure proper ventilation. Avoid breathing dust/fume/gas/mist/vapours/spray. Avoid contact with eyes, skin and clothing. Keep away from heat, sparks and flame. Avoid generating high concentrations of dusts, vapours or mists. Keep away from incompatible materials. Keep containers closed when not in use. Empty containers are always dangerous.

PROPERTIES AND ADVANTAGES:

- Reliably removes mineral, vegetable, and cutting oils, greases, inks, paints, soot, resins, waxes, proteins, and other industrial impurities
- **The first safe cleaning spray without GHS hazard symbols in the whole world!!!**
- Safe, non-flammable, and non-irritating product
- Does not require the employer to train employees to work with flammable and hazardous substances
- Environmentally friendly products
- Biodegradable products
- High performance and efficient products
- Products without GHS safety symbols
- Products without aggressive substances of petroleum origin
- VOC content of hydrocarbons only 1.1%
- Free of hydroxides, acids, flammable propellants, and flammable substances
- Contains surfactants made from fully recyclable raw materials of natural origin
- Non-abrasive. Does not damage surfaces. Leaves a shiny surface.
- Products without volatile organic compounds (VOCs) nor saturated hydrocarbons (MOSH)
- **NSF A1 certification n° 164107** for use in all food production plants
- Products without harmful chemicals
- Products made from fully recyclable raw materials of natural origin
- Products suitable for people with allergies
- Harmless to the human skin
