| | | Section 2. Hazard id | entification | |
| Classification of hazardous | product (name | of the category or subcategory | of the hazard class) | |
| Extremely flammable aerosol | (Category 1) | | | |
| Gas under pressure (compress | ed gas) | | | |
| Skin irritation (Category 2) | | | | |
| Eye irritation (Category 2A) | | | | |
| Aspiration hazard (Category 1 | | | | |
| | | e (Category 3), Central nervous | system | |
| Hazardous to the aquatic envir | | | | |
| Information elements (symb | ols, signal word | ls, hazard statements and prec | autionary statements of the catego | ory/subcategory) |
| | | | | |
| Danger | | | | |
| H222 Extremely flammable ad | | | | |
| H229 Pressurized container: n | | | | |
| H280 Contains gas under pres | | | | |
| H304 May be fatal if swallow | ed and enters air | ways. | | |
| H315 Causes skin irritation. | | | | |
| H319 Causes serious eye irrita | | | | |
| H336 May cause drowsiness of | | | | |
| H411 Toxic to aquatic life wit | | | | |
| | | | heat, hot surfaces, sparks, open fla | |
| | | | P251 Do not pierce or burn, even a | |
| | | | ter handling. P271 Use only outdo | |
| | | | ng/eye protection/face protection. P3 | |
| | | | 52 IF ON SKIN: wash with plenty | |
| | | | inated clothing and wash it before re | |
| | | | es, if present and easy to do. Contin | |
| | | | person to fresh air and keep comfor | |
| | | | rotect from sunlight. Do not expose 405 Store locked up. P501 Dispose | |
| container in accordance with 1 | | | tos store locked up. PSOI Dispose | or contents/container into sale |
| Other hazards known | | tiants (Category 1) A gas that | is a simple asphyviant*** | |
| Other hazards known | | | | |
| | | ection 3. Composition/inform | | |
| Chemical name (common na | ime/synonyms) | | CAS number or other | Concentration (%)* |
| Xylenes | | | 1330-20-7 | 1-15 |
| Ethyl acetate | | | 141-78-6 | 1-20 |
| Hydrocarbons, C9, aromatic | | | 64742-95-6 | < 1 |
| Zinc phosphate 7779-90-0 1-25 | | | | |
| Dimethyl ether 115-10-6 40-60 All ingredients are listed according to OSHA (29 CFR). | | | | |
| * Statement - This safety data she | et provides concer | | g to OSHA (29 CFR). | (s) |

* Statement - This safety data sheet provides concentration range(s) instead of the actual concentration(s) considered trade secret(s).

| | Section 4. First-aid measures |
|---|--|
| Inhalation | IF INHALED: Remove person to fresh air and keep comfortable for breathing. Call a doctor if you feel unwell. |
| Ingestion | IF SWALLOWED: Immediately call a doctor. DO NOT INDUCE VOMITING. NEVER give anything by mouth if victim i |
| | rapidly losing consciousness, or is unconscious or convulsing. Rinse mouth thoroughly with water. Have victim drink two |
| | glasses of water. If vomiting occurs naturally, have victim lean forward to reduce risk of aspiration. |
| Skin contact | IF ON SKIN: wash with plenty of water. (15-20 minutes) IF SKIN irritation or rash occurs: Get medical attention. Take of |
| | contaminated clothing and wash it before reuse. |
| Eye contact | IF IN EYES, Rinse cautiously with water for several minutes (15-20). Remove contact lenses, if present and easy to do Continue rinsing. If eye irritation persists: Get medical attention. |
| Most important | symptoms and effects (acute or delayed) Causes skin irritation. Causes serious eye irritation. |
| | mediate medical attention/special treatment In all cases, call a doctor. Do not forget this document. |
| | Section 5. Fire-fighting measures |
| Specific hazard | s of the hazardous product (hazardous combustion products) |
| | nd other irritant/toxic gases and fumes. |
| | suitable extinguishing media |
| | se carbon dioxide, chemical powder agent and appropriate foam to extinguish. |
| | ve equipment and precautions for fire-fighters |
| | itating/toxic smoke and fumes may be generated. Do not enter fire area without proper protection. Firefighters should wear prope |
| | nent and self-contained breathing apparatus with full facepiece. Shield personnel to protect from venting, rupturing or bursting cans |
| | from fire area if it can be done without risk. Water spray may be useful in cooling equipment and cans exposed to heat and flame. |
| | Section 6. Accidental release measures |
| Porsonal proces | itions, protective equipment and emergency procedures |
| Restrict access t | o area until completion of clean-up. Ensure clean-up is conducted by trained personnel only. All persons dealing with clean-up |
| | ppropriate protective equipment (See Section 8). |
| | aterials for containment and cleaning up |
| | the environment. Collect spillage. Ventilate area of release. Stop the leak if it can be done safely. Contain and absorb any spille |
| | e with inert absorbent material, then place material into a container for later disposal (see Section 13). Contaminated absorber |
| | e the same hazards as the spilled product. Notify the appropriate authorities as required. |
| material may pos | Section 7. Handling and storage |
| Precautions for | |
| | sate nationing nlight. Do not expose to temperatures exceeding 50 °C/122 °F. Keep away from heat/sparks/open flames/hot surfaces No |
| smoking. Do not | spray on an open flame or other ignition source. Do not pierce or burn, even after use. Use only outdoors or in a well-ventilated scheme the spray of the source of the so |
| measures are be containers for dust/fume/gas/m concentrations of | , it is very important that engineering controls are operating, and that protective equipment requirements and personal hygien ing followed. People working with this chemical should be properly trained regarding its hazards and its safe use. Inspec leaks before handling. Label containers appropriately. Ensure proper ventilation. Avoid breathin ist/vapours/spray. Avoid contact with eyes, skin and clothing. Keep away from heat, sparks and flame. Avoid generating hig dusts, vapours or mists. Keep away from incompatible materials (Section 10). Keep containers closed when not in use. Empty |
| | vavs dangerous. Refer also to Section 8. |
| | ways dangerous. Refer also to Section 8. safe storage, including any incompatibilities |

| Section 9. Physical and | chemical properties |
|---|---|
| Appearance, physical state/colour Liquid (aerosol) | Vapour pressure Not available |
| Odour Characteristic | Vapour density Heavier than air |
| Odour threshold Not available | Relative density Not available |
| pH Not available | Solubility Not available |
| Melting/freezing point Not available | Partition coefficient - n-octanol/water Not available |
| Initial boiling point/range Not available | Auto-ignition temperature Not available |
| Flash point Not available | Decomposition temperature Not available |
| Evaporation rate Not available | Viscosity Not available |
| Flammability (solids and gases) Extremely flammable aerosol | VOC Not available |
| Upper and lower flammability/explosive limits Not available | Other None known |
| | |
| Section 10. Stability | y and reactivity |
| Reactivity | |
| Does not react under the recommended storage and handling conditions presc | ribed. |
| Chemical stability | |
| Stable under the recommended storage and handling conditions prescribed. | |
| Possibility of hazardous reactions | |
| Accumulation of flammable if product is heated. Do not spray on an open | flame or other ignition source. Do not pierce or burn, even after use. |
| Protect from sunlight. Do not expose to temperatures exceeding 50 °C/122 ° | |
| Conditions to avoid (static discharge, shock or vibration) | |
| Keep away from heat, hot surfaces, sparks, open flames and other ignition | sources. No smoking. Do not spray on an open flame or other ignition |
| source. Do not pierce or burn, even after use. Protect from sunlight. Do not | |
| Incompatible materials | |
| Oxidizing materials; etc. | |
| Hazardous decomposition products | |
| None known | |
| Section 11. Toxicolog | rical information |
| | |
| Information on the likely routes of exposure (inhalation, ingestion, skin | |
| May be fatal if swallowed and enters airways. Causes skin irritation. Ca | uses serious eye irritation. May cause drowsiness or dizziness. May |
| displace oxygen and cause rapid suffocation. | |
| Symptoms related to the physical, chemical and toxicological character | |
| Skin irritation, redness, stinging, pain; Eye irritation, redness, tearing; | Respiratory tract irritation, coughing, shortness of breath, dizziness, |
| drowsiness, nausea and headaches. | |
| Delayed and immediate effects (chronic effects from short-term and lor | ng-term exposure) |
| Skin Sensitization – No data available; | |
| Respiratory Sensitization – No data available; | |
| Germ Cell Mutagenicity – No data available; | |
| Carcinogenicity – No ingredient listed by IARC, ACGIH, NTP or OSHA; | |
| Reproductive Toxicity – No data available; | |
| Specific Target Organ Toxicity — Single Exposure – Possible; | |
| Specific Target Organ Toxicity — Repeated Exposure – No data available; | |
| Aspiration Hazard – Possible; | |
| Health Hazards Not Otherwise Classified – No data available. | |
| Numerical measures of toxicity (ATE; LD ₅₀ & LC ₅₀) | |
| CAS 115-10-6 LC ₅₀ 164000 ppm 4 hrs (rat); CAS 1330-20-7 Oral, rat LD ₅ | ₀ 4300 mg/kg; Dermal, rabbit LD ₅₀ 12100 mg/kg; CAS 141-78-6 LD ₅₀ |
| Oral - Rat - 5600 mg/kg; | |
| ATE not available in this document. | |
| Section 12. Ecologi | cal information |
| Ecotoxicity (aquatic and terrestrial information) No data available for | |
| Persistence and degradability No data available for this product. | * |
| Bioaccumulative potential No data available for this product. | |
| Mobility in soil No data available for this product. | |
| Other adverse effects Toxic to aquatic life with long lasting effects. | |
| | Loopsidorations |
| Section 13. Disposa | |
| Information on safe handling for disposal/methods of disposal/contamin | |
| Dispose of contents/container into safe container in accordance with local, n | egional or national regulations. |
| | |
