| | | | | | fucted by trained personnel only Al | l persons dealing with clean-up | |
| Restrict access to area until completion of clean-up. Ensure clean-up is conducted by trained personnel only. All persons dealing with clean-up should wear the appropriate protective equipment (See Section 8). | | | | | | | |
| Methods and ma | | | | | | | |
| | | | | of release | Stop the leak if it can be done safely | Contain and absorb any anillad | |
| liquid concentrate | e with inert absor | rbent materi | al, then place mater | rial into a co | ontainer for later disposal (see Section te authorities as required. | | |

Section 7. Handling and storage

| Section 7. Har | iuning and storage | | | | | | |
|--|---|--|--|--|--|--|--|
| Precautions for safe handling | | | | | | | |
| Protect from sunlight. Do not expose to temperatures exceeding 50 | °C/122 °F. Keep away from heat/sparks/open flames/hot surfaces No | | | | | | |
| smoking. Do not spray on an open flame or other ignition source. Do not pierce or burn, even after use. Use only outdoors or in a well-ventilated | | | | | | | |
| area. Wash hands/nails/face thoroughly after handling. Wear gloves/protective clothing/eye protection/face protection. | | | | | | | |
| Before handling, it is very important that engineering controls are operating, and that protective equipment requirements and personal hygiene | | | | | | | |
| measures are being followed. People working with this chemical sh | measures are being followed. People working with this chemical should be properly trained regarding its hazards and its safe use. Inspect | | | | | | |
| containers for leaks before handling. Label containers | appropriately. Ensure proper ventilation. Avoid breathing | | | | | | |
| dust/fume/gas/mist/vapours/spray. Avoid contact with eyes, skin and | clothing. Keep away from heat, sparks and flame. Avoid generating high | | | | | | |
| concentrations of dusts, vapours or mists. Keep away from incompatil | ble materials (Section 10). Keep containers closed when not in use. Empty | | | | | | |
| containers are always dangerous. Refer also to Section 8. | | | | | | | |
| Conditions for safe storage, including any incompatibilities | | | | | | | |
| Store in a well-ventilated place. Keep container tightly closed. Keep cool. Store locked up. Store away from incompatible materials (Section 10). | | | | | | | |
| | led and not damaged. Storage area should be clearly identified, clear of | | | | | | |
| obstruction and accessible only to trained personnel. Inspect periodical | ly for damage or leaks. | | | | | | |
| | ntrols/Personal protection | | | | | | |
| Control parameters (biological limit values or exposure limit values | | | | | | | |
| Exposure limits: CAS 74-98-6 & 75-28-5 & 106-97-8 - ACGIH - TLV | V-TWA (STEL) & PEL-TWA 1000 ppm; | | | | | | |
| Appropriate engineering controls | | | | | | | |
| Use under well-ventilated conditions. Local exhaust ventilation sys | tem is recommended to maintain concentrations of contaminants below | | | | | | |
| exposure limits. Make emergency eyewash stations, safety/quick-drenc | h showers, and washing facilities available in work area. | | | | | | |
| Individual protection measures/personal protective equipment | | | | | | | |
| Respiratory protection is required if the concentrations are higher than the exposure limits. Use a NIOSH approved respirators if the exposure | | | | | | | |
| limits are unknown. Chemically protective gloves (impervious), and of | her protective clothing to prevent prolonged or repeated skin contact, must | | | | | | |
| be worn during all handling operations. Wear protective chemical spla | ish goggles to prevent mists from entering the eyes. Wash hands/nails/face | | | | | | |
| | product. Practice good personal hygiene after using this material. Remove | | | | | | |
| and wash contaminated work clothing before re-use. | | | | | | | |

| Section 11 Tericological information | | | | | | |
|---|-------|--|--|--|--|--|
| Section 11. Toxicological information | | | | | | |
| Information on the likely routes of exposure (inhalation, ingestion, skin and eye contact) | | | | | | |
| May cause a mild transient skin and eye irritation. | | | | | | |
| Symptoms related to the physical, chemical and toxicological characteristics | | | | | | |
| Skin irritation, redness, stinging, pain; Eye irritation, redness, tearing; Respiratory tract irritation, coughing, shortness of breath, dizziness, drowsiness, nausea and headaches. | | | | | | |
| elayed and immediate effects (chronic effects from short-term and long-term exposure) | | | | | | |
| tin Sensitization – No data available; | | | | | | |
| Respiratory Sensitization – No data available; | | | | | | |
| erm Cell Mutagenicity – No data available; | | | | | | |
| Carcinogenicity - No ingredient listed by IARC, ACGIH, NTP or OSHA; | | | | | | |
| Reproductive Toxicity – No data available; | | | | | | |
| ecific Target Organ Toxicity — Single Exposure – No data available; | | | | | | |
| pecific Target Organ Toxicity — Repeated Exposure – No data available; | | | | | | |
| spiration Hazard – No data available; | | | | | | |
| ealth Hazards Not Otherwise Classified – No data available. | | | | | | |
| umerical measures of toxicity (ATE; LD ₅₀ & LC ₅₀) | | | | | | |
| AS 75-28-5 & 106-97-8 LC_{50} 658000 mg/m ³ 4 hrs (rat); | | | | | | |
| TE not available in this document. | | | | | | |
| Section 12. Ecological information | | | | | | |
| cotoxicity (aquatic and terrestrial information) No data available for this product. | | | | | | |
| ersistence and degradability No data available for this product. | | | | | | |
| oaccumulative potential No data available for this product. | | | | | | |
| obility in soil No data available for this product. | | | | | | |
| ther adverse effects No data available for this product. | | | | | | |
| Section 13. Disposal considerations | | | | | | |
| formation on safe handling for disposal/methods of disposal/contaminated packaging | | | | | | |
| spose of contents/container into safe container in accordance with local, regional or national regulations. | | | | | | |
| Section 14. Transport information | | | | | | |
| N number; Proper shipping name; Class(es); Packing group (PG) of the TDG Regulations | | | | | | |
| N1950; AEROSOLS; CLASS 2.1 | | | | | | |
| N number; Proper shipping name; Class(es); Packing group (PG) of the 49 CFR (USA) | | | | | | |
| N1950; AEROSOLS; CLASS 2.1 | | | | | | |
| N number; Proper shipping name; Class(es); Packing group (PG) of the IMDG (maritime) | | | | | | |
| N1950; AEROSOLS; CLASS 2.1; | | | | | | |
| N number; Proper shipping name; Class(es); Packing group (PG) of the IATA (air) | | | | | | |
| N1950; AEROSOLS, FLAMMABLE; CLASS 2.1 | | | | | | |
| becial precautions (transport/conveyance) May also be shipped as a LIMITED QUANTITY in accordance with TDG. | | | | | | |
| ivironmental hazards (IMDG or other) None | | | | | | |
| Ilk transport (usually more than 450 L in capacity) Not possible | | | | | | |
| Section 15. Regulatory information | | | | | | |
| Section 13. Regulatory information fety/health Canadian regulations specifics Refer to Section 2 for the appropriate classification. This product has been classifi | ed in | | | | | |
| accordance with the hazard criteria of the Hazardous Products Regulations (HPR) and c | | | | | | |
| United States OSHA (29 CFR). | n uic | | | | | |
| | | | | | | |
| | | | | | | |
| Safety/health/environmental outside regulations specifics United States OSHA information: This product is regulated according to OSHA (29 CFR). | | | | | | |
| United States EPA (Environmental Protection Agency) information: 40 CFR Refer to the ingredients listed in Section 3 & Sections 12; 13 & 14. | | | | | | |
| United States TCSA information: Refer to the ingredients listed in Section 3. | | | | | | |
| National Fire Protection Association (NFPA): | | | | | | |
| HEALTH: 1 FLAMMABILITY: 4 INSTABILITY: 1 SPECIAL HAZARDS: Refer to Section 2 & 3. | | | | | | |
| AZARD SCALE: $0 = Minimal$ $1 = Slight$ $2 = Moderate$ $3 = Serious$ $4 = Severe$ | | | | | | |
| California Proposition 65: No ingredient known to the State of California to cause cancer or other reproductive harm. | | | | | | |
| | | | | | | |
