

# INDUSTRIAL CLEANER

## 79-02

Metaflex®

### Technical Data Sheet

#### DESCRIPTION:

Specially for cleaning and rapid removal of oils and grease from all metal surfaces, disc or drum braking systems. Cleans most of the brakes and other mechanical parts such as motors, metal parts, etc.

#### USE DIRECTIVES:

Shake the aerosol well and spray about 25 cm onto the part to be cleaned. Warning: before using the product on aluminum, varnished metals, rubber, resin and painted surfaces, carry out a preliminary compatibility test!

Pressurized container: protect from sunlight. Do not expose to temperatures exceeding 50 °C/122 °F. Keep away from heat/sparks/open flames/hot surfaces. No smoking. Do not spray on an open flame or other ignition source. Do not pierce or burn, even after use. Use only outdoors or in a well-ventilated area. Wash hands/nails/face thoroughly after handling. Wear gloves/protective clothing/eye protection/face protection. Before handling, it is very important that engineering controls are operating, and that protective equipment requirements and personal hygiene measures are being followed. People working with this chemical should be properly trained regarding its hazards and its safe use. Inspect containers for leaks before handling. Label containers appropriately. Ensure proper ventilation. Avoid breathing dust/fume/gas/mist/vapours/spray. Avoid contact with eyes, skin and clothing. Keep away from heat, sparks and flame. Avoid generating high concentrations of dusts, vapours or mists. Keep away from incompatible materials. Keep containers closed when not in use. Empty containers are always dangerous.

#### PROPERTIES AND ADVANTAGES:

- Available in 750 ml aerosol [25.36 fl.oz.] To have a greater quantity of product
- Fast action and penetration
- Fast drying
- Rapid evaporation
- Very powerful jet
- Non-corrosive
- Removes powder from the brakes
- Colorless
- Superior cleaning power
